# FLOW EXPRESS

Who are we?

## About us:

Flow Express provides a comprehensive range of 20 turnkey customized logistics services to its customers. With a strong global network and over years of experience, Flow Express Logistics adopts the latest international practices for database technologies, technical communications and exports local knowledge to solve logistical challenges.

Our group is a leading logistics company that provides integrated service support to companies and customers in most industrial and commercial fields at a level that meets international standards. An intelligent approach and use of the fair model (feasibility, analysis, execution, and outcome) enables Flow Express Logistics to lead customers to the most reliable, cost-effective and effective products and services.

We also offer unparalleled customer service, catering to all customers' needs every step of the way. Having established main branch offices in Dubai, as well as agents in Europe, Asia and South America, Flow Express offers a wide range of services, including import/export, air, sea, land, customs, brokerage, warehousing and distribution to customers all over the world.

### The practical background of the company & the group:

The company is a major player in the Logistics and Maritime market, providing warehousing services. Shipping, transportation and unloading services in the Jebel Ali region in Dubai, Ajman and Egypt, with its headquarters in the United Arab Emirates, along with strategic partners and representative offices around the world. The company provides warehousing services ranging from leasing client-managed storage space, referred to as Second Party Logistics (2PL). To manage client stock in our warehousing facility. Referred to as Third Party Logistics (3PL).

Logistics through a highly experienced team and specialized technology. To manage clients' stores and warehouses in their storage facilities. For the shipment of goods, our services include air, sea and land transportation including customs clearance and cargo insurance.

Key to the success of the freight forwarding practice is Flow Express's longstanding international network of business partners, which enables the company to transport goods efficiently around the world.

Flow Express has a member in international and national trade organizations such as: IATA (International Air Transport Association). FIATA (International Federation of Freight Forwarders Associations)

## Our Message:

Our goal is and will continue to be sustainable qualitative growth. We are determined to vigorously and resolutely pursue this path in the coming years.

We know that the electronic challenges and competition we face will not diminish. On the ground, the competitive pressure is unrelenting. Our company continues to present outstanding prospects because we stand for innovation, competitiveness and financial strength.

This is another reason why I am convinced that your trust and support to Flow Express Group Dubai and its team will bear fruit. In all due respect

## Vision & Mission:

We aim to leverage our decades of experience, specialized skills and local knowledge to provide specialized and integrated solutions to solve our customers' logistical challenges.

Our commitment to efficiency and professionalism ensures analysis, identification and implementation of the most secure, cost effective and reliable logistics services and routes.

## The core values of Flow Express Dubai Group

Each member of the Flow Express Dubai team has strong integrity and a commitment to innovation, which enables us to create and develop new ways and ideas for the development process to ensure we meet our customers' needs.

## General Trading:

Flow Express is a leading logistics and supply chain solutions provider in the United Arab Emirates (UAE). The company is dedicated to providing comprehensive services to the general trading industry, helping businesses to import and export goods efficiently and cost-effectively.

Flow Express offers a wide range of services to meet the needs of the general trading industry, including air and sea freight, customs clearance, warehousing, and distribution. The company's air and sea freight services allow businesses to move goods quickly and reliably, regardless of their destination. Flow Express also provides end-to-end customs clearance services, ensuring that all shipments are processed in a timely and compliant manner.

In addition to its logistics services, Flow Express also offers a range of value-added services to its clients. These services include packaging, labeling, and product inspection, helping businesses to ensure that their goods are properly packaged and ready for shipment. The company also provides a range of warehousing and distribution services, allowing businesses to store and distribute their goods effectively and efficiently.

Flow Express has a team of highly experienced professionals who are dedicated to providing the best possible service to their clients. The company's focus on customer satisfaction has made it one of the leading logistics and supply chain providers in the UAE.

The company's commitment to quality and customer service is reflected in its investment in state-of-the-art technology and equipment. Flow Express uses advanced software systems to track and manage shipments, ensuring that clients have real-time visibility of their goods at all times. This technology helps the company to minimize errors and reduce the risk of delays, ensuring that shipments are delivered on time and in perfect condition.
